

Freestyle BC Freestyle Festival - formerly Super Youth

The goal of the format change is to get kids skiing more and waiting around less all while making new friends and having fun!

This event will provide the traditional slopestyle, mogul and halfpipe competitions paired with skills modules and a team adventure challenge.

As athletes haven't had a chance to train halfpipe Sunday's competition will be run as a fun jam format rather than the formal 2 run comp to reduce pressure and create a fun introductory environment to the pipe. Halfpipe coaches from BC Team will be on hand to provide ongoing coaching and tips throughout training and the jam.

Schedule

Wednesday – Registration

Thursday – Competition Training & Hunt for GNAR

Friday – Slopestyle & Hunt for GNAR

Saturday – Moguls & Hunt for GNAR

Sunday – Halfpipe Clinic & Jam

Freestyle BC "Hunt for GNAR" – Whistler Edition

Every mountain in BC has something unique to offer visitors. Throughout the weekend, groups will explore parts of the mountain while transitioning between events and skills modules. Each group will have a list of tasks and skills that will gain them points in the Hunt for GNAR. Points will be awarded for tasks completed as either a group or individual for the group.

Each group for the weekend will be comprised of 6-7 skiers plus 1 coach from the host mountain with 6-7 athletes from a visiting club around the province.

To foster a greater team environment and community spirit each team will be made of two groups from two different clubs. This team will compete in consecutive run orders in the traditional Slopestyle and Mogul events. This will minimize their time standing around and give them more time to ski around the hill and complete their tasks and skills in their Hunt for GNAR and make new friends from around the province in the process.

Winner of the Hunt for GNAR competition will be announced at the Saturday evening Banquet.
