## PARK & PIPE TEAM SELECTION CRITERIA 2021-2022

UPDATED: February 9, 2021

The Freestyle BC Park & Pipe Team comprises the best provincial Freestyle Skiers representing BC in Provincial, National and International competitions. The goal of the provincial team program is to advance the skills of the athletes and to offer competitive opportunities in a team atmosphere to ultimately qualify the athlete for the Canadian National Team program.

There must be at least 6 interested athletes meeting a minimum skill level (MSL) to form a provincial team for any Freestyle discipline (Moguls, Aerials, Halfpipe, Big Air, and Slopestyle). A maximum team size will be decided based upon the number of eligible athletes and operation budget. The Freestyle BC Executive Director with input from the BC Team coaches and Freestyle BC High Performance Committee (HP Committee) will assess whether the athlete meets the minimum skill level to join the BC Team program.

**\*Due to the ongoing COVID-19 pandemic, Freestyle BC reserves the right to adjust these criteria to reflect a fair and reasonable change based on the best-available information, with changes being published as soon as possible. (For more details, see Appendix 3 Extraordinary Circumstances)**

### TIMEFRAME

- Team selection is normally for one calendar season (May to April)
- The BC Park & Pipe Team Selection period: November 1st to April 30th inclusively.

### ELIGIBILITY

To be eligible for selection to the BC Team Park & Pipe Program an athlete must:

- Have an active membership with Freestyle Canada indicating that they are part of a Freestyle BC registered club.
- Be registered in a Freestyle BC club program; or be registered to the BC Team.
- Have no outstanding debt with Freestyle BC or a Freestyle BC registered club.

---

## SELECTION METHOD

Selection of Park & Pipe athletes to the BC Team will be based on the BC Park & Pipe ranking list. All athletes eligible for selection will be ranked using their 4 highest ranking events. Selections will normally be based on the just concluded season. All team selections are for a one-year period only.

The BC Park & Pipe ranking list will be calculated using placing value points. The table of eligible events and the corresponding point values can be found in the appendix.

The Freestyle BC High Performance Committee (HP Committee), with input from BC Team coaches and Freestyle Canada HPAD, will review the placing value points after each event. Adjustments of up to 20% will be made to provide the most accurate overall standings. Weighting can be adjusted in either the positive or negative direction. Adjustments do not have to be made.

Factors that will be considered when making adjustments to the place value points will include:

- Field size (Total number of athletes).
- Depth of field (Ability level of athletes).
- Canadian National Team representation.
- International athlete representation.
- Difficulty of course/features.
- Prize money.
- Assessment of points.

The HP Committee reserves the right to select athletes based on Special Ranking considerations or Extraordinary circumstance clause. The Freestyle BC HP Committee, with input from the BC Team Head Coaches, reviews all matters related to selection. The Freestyle BC Executive Director will be a member of this Committee and hold final decision.

Freestyle BC values gender equity and aims to have an equal representation of male and female athletes. The Freestyle BC HP Committee, with input from the BC Team Head Coaches, will determine the minimum performance level for the BC Team. If a gender ranking list does not fill the full quota based on the minimum performance level the unused spots will be transferred to the other gender.

Athletes current skill level relative to their point in the Long-Term Development (LTD) pathway, Freestyle Canada Gold Medal Profiles, and CSI Pacific Athlete Nomination Criteria will be strongly considered in the selection process.

- An overview of the LTD benchmarks can be found in Sport For Life's [Long-Term Development In Sport and Physical Activity 3.0](#).
- Detailed [Gold Medal Profiles](#) for all Freestyle Skiing disciplines can be found on Freestyle Canada's website.
- The [Canadian Sport Institute Pacific and Freestyle BC Athlete and Coach Nomination Criteria](#) can be found on the FBC Content Portal.

## SELECTION PROCESS

The selection of athletes to participate in the BC Team is the responsibility of the Executive Director, acting on the recommendations of the Freestyle BC High Performance Committee (HP Committee). The Executive Director may overrule any decision of the Freestyle BC High Performance Committee.

All revisions to BC Team Selection documents shall, unless otherwise specifically indicated, come into effect immediately upon their ratification by Executive Director of Freestyle BC.

Within 21 days of the completion of the season:

1. The HP Committee reviews the initial ranking list and determines if there are any Special Ranking Considerations (see Appendix).
2. Eligible athletes are identified and ranked for nominations.
3. Athletes who would qualify for Extraordinary Circumstances (i.e. Injury, etc.) are identified and ranked appropriately.
4. Nominated athletes will be officially notified, having a period of 10 days to accept or decline selection.

## OUT OF PROVINCE ATHLETES

Out of province athletes may be considered for selection to BC Team if:

- The considered athlete provides an address of residence in BC by Sept. 1st prior to the next competition season.
- If team spot allocations have not been exhausted following selection of all BC athletes that have met the required minimum skill level for BC Team as well as the selection of coach discretionary athletes, out of province athletes may be considered for remaining spots based on National Team rankings.
- If the out of province athlete will improve the daily training environment for current BC Team athletes.

Passion. Discipline. Focus.

## **APPEALS**

An appeal of any decision of the HP Committee may be made by any Freestyle BC member in good standing. Appeals must be conducted in accordance with the Appeals Policy established by Freestyle BC.

## **GENERAL**

Issues not otherwise covered by this document are subject to the decision of the Executive Director of Freestyle BC, in consultation with the HP Committee.

## **APPENDIX 2:**

### **SPECIAL RANKING CONSIDERATIONS**

The Freestyle BC HP Committee may in some cases choose to select athletes out of the initial ranking order. In such cases the committee must record in detail the reasons for its decisions. These reasons must support the program goals outlined at the beginning of this document. Special Ranking Considerations include, but are not limited to the following examples:

- An athlete who is showing excellent results and increasing their performance results may be moved higher than their calculated ranking.
- An athlete who shows excellent physical characteristics and/or technical capability; may be moved higher than their calculated ranking. (Rational: in some stages of development an athlete may focus on training and not perform as well at competition.)
- An athlete who might have demonstrated high achievement of KPIs/benchmarks but may not have a competition ranking reflective of their ability.
- An athlete who has had opportunities and is not advancing towards the program goal may move lower than their calculated ranking.
- When there is a relatively narrow point spread between two athletes, there is greater chance of “out of order” selection.
- An athlete with strong work ethic and commitment to training opportunities may move ahead of an athlete who has not demonstrated these traits.
- Athletes who have reached major event podiums in recent years.

### **SCORE ANOMALY**

In some circumstances, there are 3 to 4 counting events on the same course within a short time frame, often with all events judged by the same panel. This scenario may warrant an out of order selection.

## APPENDIX 3:

### EXTRAORDINARY CIRCUMSTANCES

Extraordinary circumstances include, but are not limited to circumstances such as injury, death in the family, or unique factors outside the athlete and FBC's control.

The HP Committee will nominate athletes they feel do qualify under this clause if:

- An athlete misses an entire season due to health-related curtailment of activities the selection period will be extended backwards to a maximum of one season.
- An athlete misses a portion of the competition season due to health-related curtailment of activities; the selection period will be extended backwards.
- The Selection Committee has the discretion to make exceptions to injury clause for special cases. This may include expanding the backwards extension of the selection period, or other adjustments to meet the special case.
- Freestyle BC may, at any time, require an athlete who is unable to participate in training or competition due to injury, to obtain a medical assessment from a team physician. The purpose of the medical assessment is to confirm the degree of the athlete's injury and the anticipated time of the athlete's recovery.
- The Selection Committee, with input from medical experts, may prevent an athlete from entering the event if the pace of the athlete's rehabilitation from injury warrants doing so.

### COVID-19 PANDEMIC CONSIDERATIONS

Due to the limited availability of competitive opportunities in the 2020-2021 winter season, the following criteria will be considered for 2021-2022 team selections.

#### Canadian Sport Institute Benchmarks

As per the [2020-21-BC-Freestyle-CSI-Pacific-Nomination-Criteria](#), prospective athletes for the BC Park & Pipe Team must satisfy the following criteria:

#### 1. Physical Benchmarks

Skills	Female Standard	Male Standard
Beep Test	Stage 8	Stage 10.5
Squat Jump	24 cm	38cm
Counter Movement Jump	25 cm	40cm
Drop Jump	37cm	40cm

## 2. Skill-Based Benchmarks:

Skills	Female Standard	Male Standard
<b>Rails</b>	Switch 90 both ways on, 270 on/off both directions.	Switch 270 on, 450 on/off, 360 switch up, 1 unnatural rotation on.
<b>Jumps</b>	All direction 540's, cork 720, switch 720	2 opposite way off-axis 9s, 1 forwards double, 1 switch double, 4-different grabs with 540's.
<b>Technical Skiing</b>	Flow of runs with good speed management, awareness of how to be versatile to different course and variety of jump type and snow conditions. Ability to modify ski techniques based on competition course.	Flow of runs with good speed management, awareness of how to be versatile to different course and variety of jump type and snow conditions. Ability to modify ski techniques based on competition course.

### Talent Identification and Competition Simulation

Given the opportunity with eased travel restrictions, a talent identification camp(s) with competition simulations may be used by FBC coaching staff to select prospective athletes.

### Coach Discretion

FBC coaching staff, with the support of the FBC High Performance Committee, will be granted coach discretion and an opportunity to exercise judgement and choice in coming to a decision regarding team selection.
