

Our Girlstylerz programming continues to move mountains within freestyle skiing. We are so proud to recognize the first ever achievement of a Girlstylerz alumni to make the Canadian National team (Brynn Johnston - Slopestyle Next Gen). The 2022-23 ViaSport Girlstylerz initiative continues to focus on the development of performance pathways and programming for female athletes within the PSO. After the successful summer training opportunities for our Prospect teams, we are looking forward to fall training. We are focusing efforts on early season training for both moguls and slope and are working to support training initiatives in multiple regions throughout BC. This includes mogul camps at Apex & Panorama and jump camps on the coast and the interior. We continue to activate our strong female coach leads including Danika Mazur, Kristi Richards, and Shonny Charbonneau as well as working in collaboration with directors and head coaches throughout the province (Graham Pollock, Thomas Burnyeat, Chris Mavin and Hayden Persons). We are very excited about the direction of the initiative and look forward to supporting our Prospect female athletes as they move towards the competition season.
